**TERMS OF SALE**  
(Please Read Carefully)

1. BIDS BY MAIL or PHONE will be accepted until the closing date. All phone bids must be confirmed in writing on a bid sheet. Bids are treated as LIMITS. Bids are reduced where competition permits to within 5% of the second highest bid. In the case of tie bids, the first received is normally given preference. No "buy" or unlimited bids are accepted. Bids are accepted by lot number only. No lots are broken up. Bids are only executed in even dollar amounts.
2. This sale is NOT an approval sale. All material offered is guaranteed genuine and as described. Careful examination has been made of every lot by experts. Cataloging errors will be cheerfully and promptly corrected. FLOOR BIDDERS MAY NOT RETURN ANY LOTS including those purchased while acting as agents. All claims for adjustment by other bidders must be made within five days of receipt but in no case more than 28 days after a sale. As the auction house acts as an agent for various consignors, NO CLAIMS OF ANY KIND can be considered after settlements have been made. If a claim is not made within this 28 day period, no lots are returnable for any reason at any time. If we are notified prior to our settlement date that an opinion of condition, alteration or authenticity is being sought, the matter will remain open until such opinion is rendered. Lots are not shipped until paid for. Therefore, late payment will negate a return privilege. Any returned lot must be in its original holder with seal intact.
3. Successful bidders are required to pay the full invoice amount before lots are delivered. Previously established lines of credit, at the sole option of the auctioneer, may not be honored unless arrangements for this sale have been specifically agreed to in writing by the auctioneer. Please contact us in advance if you have any questions regarding your purchasing plans. First rate credit references, a 25% deposit or credit card details are necessary to insure entry of your bids. Any portion of such a deposit not used will be promptly refunded after the sale.
4. A 10% buyer's charge will be added to the successful bid price of each lot. This 10% buyer's charge will be added to the invoice of each successful bidder without exception, and is payable by the buyer as part of the total purchase price. Additionally, 2% monthly interest is charged on all accounts 28 days past due calculated from the sale date. If any awarded lots are still on hand without a deposit 28 days after a sale, they will automatically be offered to the underbidders or relisted in the next available sale. The difference in price will be billed to the former top bidder. Late payers should not expect to receive future catalogs.
5. TERMS OF THIS SALE ARE STRICTLY CASH AND MUST BE PAID PROMPTLY IN U.S. FUNDS. Payment should be made immediately upon receipt of the invoice. Payments from foreign accounts must be made in U.S. Dollars by International Check drawn on a U.S. bank or by wire transfer to the account of Downie - Lepczyk Auctions, Ltd., c/o East Lansing State Bank. As a convenience, invoices may be charged to VISA or MasterCard accounts. We recommend this payment method and will waive the handling charge if payment is approved within ten days of the sale date. Payment by VISA or MasterCard after this ten day period will incur a 2½% handling charge. Please supply account number, signature and expiration date on your Bid Sheet.
6. POSTAGE, INSURANCE and/or handling fees are added to ALL SHIPMENTS. All lots to be mailed to addresses not in the United States of America or its Territories, are charged an additional 1% insurance fee unless insurance is provided by the bidder. Overseas bidders must supply full detailed shipping instructions and agree to all terms as listed herein before shipment is made. We normally use registered air mail with return receipts and green custom tags on overseas shipments.
7. SALES TAX will be collected under the laws of the state in which the sale is conducted unless a valid resale number is presented.
8. TITLE TO ALL LOTS REMAINS WITH THE AUCTION HOUSE until payment in full is received. The auction house reserves the right to accept or reject any or all bids at its discretion. Generally, bids below 60% of estimate will not be accepted. By placing a bid in this sale, you agree that this agreement is made in Michigan by the auction house's entry of your bid, and that disputes concerning the agreement shall be decided by the application of Michigan law. In the event of a dispute or nonpayment, the auction house may elect to proceed judicially, in which case the bidder consents to jurisdiction and venue in the courts of Ingham County, Michigan. If an account is referred to an attorney for collection, the buyer agrees to hold the auction house harmless and to indemnify it for all costs of collection, including actual, reasonable attorney's fees, with interest as provided in Paragraph 4 accruing on the entire amount until paid.
9. BIDDING IN THIS AUCTION SALE CONSTITUTES ACCEPTANCE BY THE BIDDER OF ALL THE FOREGOING TERMS OF SALE.

# COMING ATTRACTIONS

in our

August 3-4, 1986 Sale

## HOT AIR PAGE

Welcome to the Annual Spring Convention of the Michigan State Numismatic Society. We hope you can personally attend this convention and our auction. There are items in virtually every numismatic collecting area to tantalize bidders.

Our March Auction in Chicago was excellent. All successful bidders, except major consignors, were billed in advance of shipment for this sale. We will continue this policy with our future sales. We suggest that successful bidders use their MasterCard and VISA so that their winning lots will be shipped out immediately following the sale.

At this time I would like to introduce our newest staff member, George Beach IV. Many of you will know his father, George Beach III, who has been a coin dealer for about 15 years and has been representing our firm at shows for the past several years. Young George (22 years old) has been helping his father on the show circuit during school breaks for the past 10 years. His initial responsibilities will include answering client inquiries, mailing list administration and describing coins for auction. George is a collector of Philippine and Mexican coinage and is starting a collection of ancients. Please feel free to give George a call if you have questions in his area of responsibility.

We have been providing individual photographs of lots at a nominal cost for many years, however the number of requests for photographs has exceeded our capabilities by a large factor. Regretfully, we must discontinue this service. We will try to photograph more of the scarcer coins in our future catalogs.

We have had several questions lately regarding minor defects on lower grade coins. In our descriptions, we do not mention minor defects that are commensurate with grade. For instance, a crown-sized coin in VG condition usually has a small scratch or two and possibly a light rim bump or nick. Naturally, any major defects would be noted in our description.

The quantity of items in a bulk lot, if over 20, is to be taken as approximate. Usually this is noted in the description but in no case will a variance in quantity be an acceptable reason for a return.

Our pre-ANA Auction in August has attracted some excellent consignments including a fine collection of Morgan Dollars, a large group of Bracteates, plus an extensive accumulation of World Crowns. We still have time and space in this catalog to add your consignment to this excellent sale. The consignment deadline is May 26, 1986 but with the number of consignments received and promised, we may have to advance the deadline to mid-May. Ship early to insure your consignment does not miss out.
